Summer 2019 Internship Opportunity
May – August \$17.00/hour
Water Production Intern

Those who are a Junior or Senior level in college with coursework in **environmental engineering, water treatment, groundwater resources, hydrogeology, chemistry, or water quality**. Must have basic engineering and design ability in water treatment and hydraulics.

This intern will report directly to the Water Production Engineer. Work will be focused on the water treatment involving lime softening, pump hydraulics, and groundwater wells. Will investigate and document existing operations, prepare reports and process flow diagrams, contact vendors for technical data, and design solutions for water treatment and hydraulics projects.

- Must have knowledge of Microsoft Word and Excel
- Must have proficient verbal and written communication skills

Please email* to bwljobs@lbwl.com your:

- Resume
- Cover letter
- BWL Application - BWL applications can be found, downloaded, and completed from lbwl.com – employment opportunities.

It is imperative you designate the specific internship name that you are applying for in the subject line of your email. *If you are interested in more than one internship PLEASE note ALL of them in the subject line of your mail. Deadline to apply is January 15, 2019.

The Board of Water & Light (BWL) serves Lansing MI and surrounding areas with electricity, water and steam. Chartered in 1885 by a vote of Lansing's citizens, the BWL remains a public power utility in its second century of service. Lansing's city charter vests the BWL with full and exclusive management of water, steam, and electric services for the city. The American Public Power Association has honored the BWL as one of the country's best publicly-owned utilities. For more about the BWL see: <http://www.lbwl.com>.

THE BOARD OF WATER AND LIGHT IS AN EQUAL OPPORTUNITY EMPLOYER.
