

\$50 REBATE on air conditioner tune-ups.

If you aren't scheduling yearly tune-ups, your heating and cooling equipment has to work harder—wasting energy and money.

Tune up your equipment and:

- Save on energy costs.
- Prevent costly breakdowns.
- Collect cash rebates.

IT'S TIME TO TUNE-UP

Energy efficiency pays

Choosing energy efficient heating and cooling equipment can reduce energy costs and improve your home's comfort. Plus, you may qualify for cash rebates.

HEATING & COOLING REBATES FROM BWL

Product	Mail-in Rebate
High efficiency furnace with ECM blower (AFUE \geq 95%)	\$200
Standard programmable thermostat	\$25
Wi-Fi enabled or smart thermostat	\$100
Central air conditioning system (SEER \geq 15)	\$250-\$550
Mini/multi-split ductless air-source heat pump (SEER \geq 21)	\$550
Tune-up of central air conditioner/heat pump	\$50
Central air-source heat pump system (SEER \geq 16)	\$300-\$550
ENERGY STAR® heat pump water heater	\$150
ENERGY STAR® pool pump	\$250

*SEER = Seasonal energy efficiency ratio, AFUE = Annual fuel utilization efficiency, ECM = Electronically-commutated motor. Furnaces with an ECM can greatly improve the efficiency of your air conditioner.

Save now with cash rebates. Save later by reducing your energy use.
