Welcome Inn the Savings at Your Hotel

Managing the energy use at your hotel is an easy way to lessen the amount you see on your monthly utility bills. Partner with BWL's Hometown Energy Savers® and we'll show you how to set up guest-room energy management. The systems keep tabs on HVAC in the guest rooms and decrease its use when there's no one in the room.

Did we mention you qualify for a rebate with the upgrade? Call 877-NRG-LBWL (877-674-5295) or visit hometownenergysavers.com.
