#### **COMMITTEE REPORTS**

Committee of the Whole Chairperson Semone James presented the Committee of the Whole Meeting Report:

# COMMITTEE OF THE WHOLE Meeting Minutes November 7, 2024

The Committee of the Whole of the Lansing Board of Water and Light (BWL) met at the BWL Headquarters-REO Town Depot located at 1201 S. Washington Ave., Lansing, MI, on Thursday, November 7, 2024.

Committee Chairperson Semone James called the Committee of the Whole Meeting to order at 5:30 p.m. and asked the Corporate Secretary to call the roll.

Present: Commissioners Semone James, DeShon Leek, Tony Mullen, David Price, Dale Schrader, Tracy Thomas, and Sandra Zerkle; and Non-Voting Member, Commissioner Robert Worthy (Delta Township)

Absent: Commissioners Beth Graham and Non-Voting Members, Commissioners Stuart Goodrich (Delhi Township) and J. R. Beauboeuf (East Lansing)

The Corporate Secretary declared a quorum.

#### **Public Comments**

There were no public comments.

#### **Approval of Minutes**

**Motion** by Commissioner Tracy Thomas, **Seconded** by Commissioner Tony Mullen to approve the Committee of the Whole Meeting minutes of September 10, 2024.

**Action**: Motion carried. The minutes were approved.

#### FY26-30 Strategic Plan Presentation

General Manager Dick Peffley stated that General Counsel Mark Matus' group did an outstanding job for the FY2026-2030 plan, and it is funded by the current budget.

Director of Strategic Planning & Development, Kellee Christensen, thanked her team for the work on the strategic plan and introduced Planning Business Analyst, Leah Bucio, who presented the FY26-30 Strategic Plan which will be effective July 1, 2025. The strategic plan includes BWL's mission, vision and values; stakeholder feedback; landscape and SWOT analyses; strategic priorities and outcomes for customers and in the community, in workforce development and diversity, in climate and environment, in operational resiliency and continuous improvement, and in financial stability; risk assessment and initiatives, progress measures and targets, and reporting. BWL worked with Aether Advisors, LLC.

Commissioner Mullen asked whether the plan could be provided quarterly instead of annually. Ms. Christensen responded that a lot of the initiatives are longer term initiatives and can be reported quarterly but are on the balanced scorecard which gives a quarterly gauge. The status of initiatives that make progress during the year can be reported or placed on a dashboard. GM Peffley added that a dashboard can be put together and progress sent out in a quarterly or monthly packet. Commissioner Mullen commented that the information could be provided in an email rather than in a presentation.

Commissioner Zerkle asked whether there were any circumstances when the strategic plan needed to be changed before the year end. Ms. Christensen responded there would be an update made to the plan if a direction needed to make a change. GM Peffley responded that a change has not needed to be made yet, but the landscape has just changed in the government and the strategic plan group will make changes if needed and present them to the commissioners.

Chairperson James asked about the addition of the standards for the renewable and clean energy targets to the climate and environmental section in the strategic plan. Ms. Bucio responded that the standards would be added to the plan on page 9. Chairperson James also asked what was BWL's current rating. Ms. Bucio responded AA minus and GM Peffley added that it is a very high rating.

Commissioner Price thanked the staff for the presentation in a very accessible format and is looking forward to approving the plan at the Board Meeting.

Commissioner Mullen asked whether the strategic plan would be distributed or made available to the BWL community. GM Peffley responded that it would be placed on the BWL website and copies would be provided at community events.

Commissioner Thomas commended the staff on the attractiveness of the presentation and asked for clarification of the placement of the standards for the renewable and clean energy targets. Ms. Christensen responded that the standards for the renewable and clean energy targets would be placed under climate & environment.

Commissioner Zerkle requested copies of the strategic plan be provided at Board Meetings.

Chairperson James thanked GM Peffley and his staff and is looking forward to the strategic plan being implemented. GM Peffley responded that the fine-tuning changes would be implemented.

**Motion** by Commissioner David Price, **Seconded** by Commissioner Tony Mullen to forward the FY26-30 Strategic Plan Resolution to the full Board for approval.

**Action:** Motion Carried.

Chairperson James congratulated CFO Heather Shawa on her promotion to Assistant General Manager and Executive Assistant Smiljana Williams on her promotion to Chief of Staff.

#### **Retirement Plan Committee Update**

CFO Heather Shawa presented the Retirement Plan Committee (RPC) update. Execution and notification to participants of the approved fund changes to the Defined Contribution 401(a) and Deferred Compensation 457(b) Plans that will be effective December 13, 2024, is underway. The execution of all recommendations in the Defined Benefit Plan (DB) and Voluntary Employee Benefit Administration Plan (VEBA) from the plan compliance assessment is completed. In the DB Plan, pension payment processing will be transitioned to Northern Trust in January 2025 as part of the BWL's HRIS implementation. The RPC is working on extending the Nationwide service contract for the 401(a) and 457(b) plans which expires December 31, 2024. The RPC voted to approve the normal retirement age for the 457(b) plan from 65 to 55, allowing more participants to take advantage of the three-year catch-up period leading up to retirement.

Commissioner Zerkle asked what the three-year catch-up period meant. GM Peffley responded that additional money can be contributed to the plan three years earlier.

# **Regular Board Meeting Schedule 2025**

**Motion** by Commissioner Tony Mullen, **Seconded** by Commissioner Tracy Thomas, to forward the Resolution for the Regular Board Meeting Schedule 2025 to the full Board for consideration. **Action:** Motion Carried.

Commissioner Mullen commented as a reminder that the Board acts as a commission through resolution and that when speaking publicly, Commissioners cannot speak as if representing the Board of Water and Light.

#### Other

**Motion** by Commissioner David Price, **Seconded** by Commissioner Tracy Thomas for excused absence for Commissioners J. R. Beauboeuf, Stuart Goodrich, and Beth Graham.

Action: Motion Carried.

#### Adjourn

Chairperson James adjourned the meeting at 6:11 p.m.

Respectfully Submitted Semone James, Chairperson Committee of the Whole

Finance Committee Chairperson Tony Mullen presented the Finance Committee Meeting Report:

FINANCE COMMITTEE
Meeting Minutes
November 7, 2024

Finance Committee: Tony Mullen, Committee Chairperson; Semone James; David Price; and Dale Schrader; Alternates: Beth Graham, Sandra Zerkle; Non-Voting: Commissioners J. R. Beauboeuf, Stuart Goodrich, Robert Worthy.

The Finance Committee of the Board of Water and Light (BWL) met at the BWL Headquarters – REO Town Depot, located at 1201 S. Washington Ave., Lansing, MI on Tuesday, November 7, 2024.

Finance Committee Chairperson Tony Mullen called the meeting to order at 6:21 p.m. and asked the Corporate Secretary to call the roll.

Present: Commissioners Semone James, Tony Mullen, David Price, and Dale Schrader; Also Present: Commissioners Tracy Thomas, Sandra Zerkle (Alternate), and Non-Voting Commissioner Bob Worthy (Delta Township)

Absent:

The Corporate Secretary declared a quorum.

#### **Public Comments**

There were no public comments.

# **Approval of Minutes**

**Motion** by Commissioner Semone James, **Seconded** by Commissioner David Price, to approve the Finance Committee Meeting minutes of September 10, 2024.

Action: Motion Carried.

#### **Baker Tilly External FY24 Audit Report**

Accounting, Finance and Planning Director Scott Taylor introduced Accounting, Finance and Planning Manager, Ying Yan and commended Lisa Neuman, Reports Property & Accounting Supervisor with her work on the audit. Ms. Yan introduced external auditor Aaron Worthman, Partner and CPA at Baker Tilly US, LLP. Mr. Worthman presented and highlighted the external audit report which included an audit overview, observations and recommendations, and required communications to governing body. The financial statements include the auditors' report, management and discussion analysis, Enterprise fund statements, pension and OPEB (Other Post-Employment Benefits) trust statements. Mr. Worthman reported that there were no deficiencies in internal controls and that the BWL and all three pension plans received unmodified audit opinions, which is a clean opinion and the highest level of assurance. The controls were reviewed in disbursements, payroll, utility billings, cash and investments, capital assets, information technology and financial reporting.

Commissioner Schrader asked whether the power purchase agreements were part of the operating expenses and Mr. Worthman affirmed.

Ms. Yan commented that BWL will be working with Baker Tilly on a single audit with the federal grants received and plan to have the audit completed by the middle of December.

**Motion** by Commissioner David Price, **Seconded** by Commissioner Dale Schrader, to forward the Resolution for the FY2024 Audited Financial Statements of the Enterprise Fund and Pension Fiduciary Funds to the full Board for consideration.

Action: Motion Carried.

# **September YTD Financial Summary**

Assistant General Manager Heather Shawa presented the September YTD Financial Summary. Days Cash on Hand is well above the target, wholesale revenue is down due to the market, and non-operating income/expenses is plus due to interest income. The capital budget is under mainly due to timing; additionally, a new energy budget category has been added to the financial summary. Although bad debt is above the benchmark, additional funding and support from opting into the PA95 program has been secured and there is a twelve month hold with the collection agency on the bad debt.

Commissioner Mullen requested a discussion on the benefits of opting into PA95 and a comparison of customer shutoffs before and after opting in, to make sure that fewer customers are being shut off. Ms. Shawa responded that it is on the internal auditor's work plan for the year and about \$1.5 million in funding has been made available to customers.

Commissioner Zerkle requested that information from FY2023, FY2024 and FY2025 be included in the PA95 audit to obtain a clear picture of the benefits and assistance. GM Peffley added that PA95 will become law and Senator Singh has worked on legislative changes to help utilities.

Commissioner James asked how the healthcare costs of prescription drugs, specifically GLP-1s, would be addressed. Ms. Shawa responded that parameters were added for participants to complete before receiving the benefits.

# **Capital Project Report**

Ms. Shawa presented the Capital Project Report. Under annuals, the Electric T&D is the majority of the electric items on the watch list. Transformers account for \$4 million of the \$6.2 million variance as they were one of the hardest hit items in the supply chain in which BWL is catching up. GM Peffley added that surplus inventory is preferred as areas affected by the recent hurricanes have hundreds of substations to rebuild and supplies may be diverted by the government. Ms. Shawa will provide updates at each Finance Committee Meeting and bring exceedance requests to the board when they are needed.

Commissioner Leek asked when the solar project site work clearing at Delta Energy Park will start. GM Peffley responded that four or five projects will go in BWL's service territory, and the panels are in stock, the land deals are almost in place, and construction is expected to start within the next month. Commissioner Leek asked if BWL was working with the Lansing School District to put solar on some properties. GM Peffley responded that it is expensive, and they need funding, but continuous talks are taking place.

# November 2024 Internal Audit Status Report

Director of Internal Audit, Elisha Franco, presented the Internal Audit Status Report. Ms. Franco reported that the FY2025 Payroll Audit is complete, and the final report has been issued, and that the remittance/cash receipts audit will begin in November. A follow up report on PA 95 will be conducted from April to June 2025, and tentatively a P-Card audit will be conducted from March to May 2025. The implementation and testing phase of AuditBoard will begin and risk assessments will be calculated and completed using AuditBoard. Plante Moran will assist with the internal audit assessment to evaluate current internal audit practices and procedures; with

Gap Analysis to identify areas for improvement to align with industry best practices and Global Internal Audit Standards; with AuditBoard support to help with the implementation and testing of the system; and with providing assistance with key internal audit functions.

#### **FY 2025 Payroll Audit Results**

Director of Internal Audit, Elisha Franco, presented the FY 2025 Payroll Audit results and thanked Executive Director of Human Resources Michael Flowers and Human Resources Manager Dan Barnes for their help. The audit covered payroll processes, procedures, BWL FMLA policy, and payroll transactions during fiscal year 2024. The two medium-risk observations were the current payroll procedures and process documentation are not regularly updated, which may lead to inconsistencies in payroll practices and increased risk of errors; and there is insufficient oversight with multiple employees modifying the active payroll master data file, and changes to benefits and compensation in the payroll master file are not subject to review or approval by a human resources supervisor or a manager. This lack of oversight increases the risk of unauthorized changes and potential inaccuracies in payroll processing. The recommendations are that management establishes a review cycle for all payroll and procedure documents, ensuring that the date of the latest update is included within each document; and that the payroll administrator completes all modifications to the active payroll master file with a human resources supervisor or manager review and sign off on changes. An overall opinion rating of sufficient was given which means no critical or high-level risk areas were identified and the impact of identified control weaknesses exposes the payroll process in scope to limited risk. Some management effort is required to correct the findings and recommendations.

Chairperson Mullen commented that there have been committee meeting items that have been moved between committees that he didn't think should be moved as each committee has a specific area of focus. Commissioner James responded that those who requested to move the discussion items from HR and Finance committee meetings were directed to discuss the rationale of moving the items to COW with the committee chairs and receive their approval in order to place them on the COW agenda. It was communicated to me that this had occurred and that there were no issues regarding moving the items to COW. Commissioner Price responded that the item that was moved had to do with Board responsibilities in the new internal audit standards and it was determined that it should be discussed with the whole board in the Committee of the Whole meeting. Commissioner Zerkle responded that the three committee are for a purpose, each committee has a responsibility and any of the Commissioners can sit in on the committees.

Commissioner Thomas commented that Commissioner Mullen made a fair point, Also, that the matter had been discussed in the previous Committee of the Whole meeting.

Commissioner Thomas also commented on his excitement of seeing BWL trucks assisting with putting up holiday decorations in downtown Lansing and complimented the staff involved that seemed to be in such good spirit. GM Peffley shared he would pass on Commissioner Thomas' compliments to the BWL staff assisting with holiday decorating in downtown Lansing.

#### Other

There was no other business.

#### Adjourn

Chairperson Tony Mullen adjourned the meeting at 7:22 p.m.

Respectfully Submitted, Tony Mullen, Chairperson Finance Committee

Chairperson David Price presented the Pension Fund Trustees Meeting Report:

# PENSION FUND TRUSTEES COMMITTEE Meeting Minutes November 19, 2024

The Pension Fund Trustees of the Lansing Board of Water & Light (BWL) met at the BWL Headquarters in the REO Town Depot located at 1201 S. Washington Ave., Lansing, MI) at 5:00 P.M. on Tuesday, November 19, 2024.

Trustee and Board Chairperson David Price called the meeting to order at 5:00 p.m.

Corporate Secretary LaVella Todd called the Roll:

The following Trustees were present: Chairperson David Price, Commissioners Beth Graham (arrived @ 5:13pm), DeShon Leek, Tony Mullen, David Price, Dale Schrader, Tracy Thomas, and Sandra Zerkle (arrived @5:13pm). Also present: Non-Voting Commissioner Stuart Goodrich (Delhi Township)

Absent: None

The Corporate Secretary declared a quorum.

#### **Public Comments**

There were no public comments.

# **Approval of Minutes**

**Motion** by Trustee Tracy Thomas and **Seconded** by Trustee Tony Mullen to approve the minutes from the November 14, 2023 Pension Fund Trustees Meeting.

**Action**: Motion Carried.

# **Pension Fund**

Assistant General Manager Heather Shawa provided an overview of the information from the Pension Memo and Pension Dashboard.

Mr. Scott Taylor, BWL Accounting, Finance and Planning Director, introduced the financial advisory panel. The Panel provided financial plan information.

1) Nathan Burk, Director and Senior Consultant with Asset Consulting Group (ACG); ACG has served as investment advisor for BWL's DB & VEBA Plans since 2017. Mr. Burk assists BWL with investment allocation, evaluation of investment managers, reporting of investment

performance, and investment policy statements. As a Chartered Financial Analyst (CFA) with over 20 years of investment industry experience, Mr. Burk is well versed regarding DB & VEBA investments.

- 2) Mark Miller, Founder and Principal Consultant with Benassist Retirement Consulting, LLC; Mr. Miller provides actuarial services for the DB & VEBA Plans since 2018. He also assists with required filings for the State of Michigan and performs calculations for DB employee benefits at retirement. As an expert with over 37 years of actuarial experience, Mark is also well versed regarding the actuarial reports for the DB & VEBA Plans.
- 3) Justin Cohen, CFP, CPA, Financial Advisor/Relationship Manager with CAPTRUST; CAPTRUST assists with fund line up selection and monitoring, investment performance reporting, fee benchmarking and fiduciary compliance for the DC plans. Mr. Cohen is both a NAPA Certified Plan Fiduciary Advisor (CPFA™) and a CERTIFIED FINANCIAL PLANNER™.
- 4) Michael Burkhart, Executive Relationship Manager with Nationwide Retirement Solutions; Mr. Burkhart is responsible for maintaining relationships with Nationwide's largest governmental plan sponsor clients in the Central and West regions. Nationwide became the administrator and recordkeeper for BWL's 401 and 457 Plans in 2021. In addition to maintaining DC investment accounts, Nationwide provides BWL employees and retirees with personalized resources for meeting financial goals. Mr. Burkhart has been with Nationwide for over 28 years and is well versed regarding the range of services which Nationwide provides to participants.

Mr. Nathan Burk gave a capital market update for FY2024. Mr. Burke stated that the focus was on inflation, mobile growth, and interest rates of the Federal Reserve Bank. Mr. Burke noted that bonds were up about 3%, global equities were up about 19%, and there weren't positive returns in the private real estate market. The portfolio for VEBA plan was up over 10% which was better than the policy index and the 6.5% target rate of return. The portfolio for the DB plan was up to nearly 10% which was better than the policy index and the 6% target rate of return. There was recommendation and approval of replacing a non-U.S. manager from Lazar to Marathon, and derisking the DB Plan to protect the funded status by reducing equity exposure and increasing bond exposure. BWL outperformed a majority of its peers with less management fees. Neither the DB Plan or VEBA Plan are required to follow the federal ERISA law regarding guidelines in corporate defined benefit plans and 401k's.

Mr. Mark Miller spoke about the actuarial work for the DB and VEBA plans funding. He noted that the funded status for the DB plan is 115% which is 4% higher than 2023. The average for DB funded plans in Michigan is 79% and BWL is in the top 4% out of 881 Michigan plans. The funded status for the VEBA plan is 150% which is 4% higher than 2023. The average for VEBA funded plans in Michigan is 46% and BWL is in the top 8% out of 463 Michigan plans.

Mr. Justin Cohen spoke about the roles of CAPTRUST in investment management, fiduciary process, plan fees, and participant choices for the 401(a) and 457(b) plans. Mr. Cohen stated the total investment expenses as a percentage of plan assets is at 1.9% which is low compared to average industry investment expenses. Mr. Cohen added that the current Nationwide fee is

0.01% of plan assets, which is very low compared to the industry average of 0.03% to 0.05% of plan assets, and the advisory fee is 0.02% which is also below the median industry average. Both the 401(a) and 457(b) are not required to follow the federal ERISA law but do follow as closely as possible.

Mr. Michael Burkhart provided information about the retirement services that Nationwide furnishes. Nationwide provides the daily record keeping for the plans in participant's account balances, transaction processing, and customer service through a call center. Group education, workshops, and individual consultations are provided through a local service representative Ken Kelbel. A custom BWL website has online educational content at mybwlretirement.com. Nationwide also provides retirement planning tools, advisory services through a financial planner, and managed account solutions.

Commissioner Zerkle commended GM Peffley and Ms. Shawa on the presentation and having a good year.

# **RESOLUTION #2024-11-01**

# ACCEPTANCE OF 2024 AUDITED FINANCIAL STATEMENTS FOR DEFINED BENEFIT PENSION PLAN, DEFINED CONTRIBUTION PENSION PLAN, AND RETIREE BENEFIT PLAN

Resolved, that the Corporate Secretary receive and place on file the Defined Benefit, Defined Contribution, and Retiree Benefit Plan reports presented during the Pension Trustee Meeting.

-----

Staff comments: All three Plans received clean audit reports.

Motion by Trustee Sandra Zerkle, Seconded by Trustee Semone James to approve the Resolution for the Acceptance of 2023 Audited Financial Statements for Defined Benefit Pension Plan, Defined Contribution Pension Plan, and Retiree Benefit Plan at a Board meeting held on November 19, 2024.

Action: Motion Carried.

#### RESOLUTIONS

# RESOLUTION 2024-11-02 FY26 - FY30 Strategic Plan

WHEREAS, the Board of Commissioners ("Board") approved the Lansing Board of Water & Light's ("BWL") 2021-2025 Strategic Plan on January 26, 2021; and

WHEREAS, the 2021-2025 Strategic Plan expires on June 30, 2025; and

WHEREAS, BWL Executives, Directors, staff and customers, in collaboration with an experienced independent consultant, participated in stakeholder interviews, surveys and workshops from January to July 2024, to analyze the utility landscape and needs of the community and thereby developed a proposed FY26-FY30 Strategic Plan to address anticipated change and guide the organization to long-term success, which includes the below Strategic Priorities and Outcomes:

#### **FY26 - FY30 Strategic Priorities and Outcomes**

#### **Priority: Customer and Community**

- 1. Maintain high customer satisfaction
- 2. Build accessible connections between external resources and vulnerable customers
- 3. Increase community engagement and volunteerism
- 4. Support the business community and economic development

# Priority: Workforce Development and Diversity

- 1. Continuously pursue and enhance our safety culture
- 2. Increase retention and employee development
- 3. Empower a culture of inclusion and respect where diverse perspectives drive success
- 4. Identify and develop candidates for critical functions

#### **Priority: Climate and Environment**

- 1. Achieve BWL and regulatory renewable and clean energy targets
- 2. Increase customer participation in innovative decarbonization and energy waste reduction programs
- 3. Reduce organizational greenhouse gas (GHG) emissions

#### Priority: Operational Resiliency and Continuous Improvement

 Target replacement of aging infrastructure to maintain resiliency and provide safe and reliable utility access for all

- 2. Embed business continuity in processes and practices
- 3. Improve internal processes for cost-effective decision-making, priority-setting and resource allocation
- 4. Improve system availability, functionality and support for technology assets and maintain cybersecurity resilience
- 5. Maintain Regulatory Compliance

#### **Priority: Financial Stability**

- 1. Refine rate structure to maintain rate competitiveness
- 2. Achieve target return for investment in infrastructure
- 3. Maintain favorable bond rating; and

WHEREAS, the proposed FY26-FY30 Strategic Plan was presented by management to the Committee of the Whole on November 7, 2024, and the Committee voted to recommend approval by the Board at the next board meeting,

THEREFORE, it is:

RESOLVED, that the Board approves the FY26-FY30 Strategic Plan to be effective July 1, 2025 to June 30, 2030.

**Motion** by Commissioner Semone James, **Seconded** by Commissioner Sandra Zerkle, to approve the Resolution for FY26-FY30 Strategic Plan at a Board meeting held on November 19, 2024. **Action:** Motion Carried.

# RESOLUTION 2024-11-03 Regular Board Meeting Schedule 2025

In accordance with the Lansing Board of Water & Light's Rules of Administrative Procedure, a schedule of dates, places, and times for each regular meeting of the Board of Commissioners for the calendar year shall be adopted in November.

RESOLVED, that regular meetings of the Lansing Board of Water & Light's Board of Commissioners are hereby set for calendar year 2025 as follows, unless otherwise notified or as a result of date conflicts with rescheduled City Council meetings:

# 2025 <u>Lansing Board of Water & Light Board of Commissioners</u> Regular Board Meeting Schedule

Tuesday	January 28
Tuesday	March 25
Tuesday	May 20
Tuesday	July 22
Tuesday	September 23
Tuesday	November 18

Meetings will be held in the Lansing Board of Water & Light REO Town Depot located at 1201 S. Washington Ave., Lansing, MI at 5:30 p.m.

RESOLVED FURTHER, that a notice of the meeting schedule shall be published in a newspaper of general circulation in Ingham County the week of January 1, 2025.

**Motion** by Commissioner Tony Mullen, **Seconded** by Commissioner Tracy Thomas, to approve the 2025 Regular Board Meeting Schedule at a Board meeting held on November 19, 2024.

Action: Motion Carried.

# RESOLUTION 2024-11-04 FY2024 Audited Financial Statements of the Enterprise Fund and Pension Fiduciary Funds

RESOLVED, that the fiscal year 2024 Audited Financial Statements of the Board of Water and Light have been reviewed and are hereby accepted as presented.

FURTHER RESOLVED, that the Corporate Secretary is hereby directed to file a copy of the fiscal year 2024 Audited Financial Statements of the Board of Water and Light with the City of Lansing no later than November 2024.

**Motion** by Commissioner Sandra Zerkle, **Seconded** by Commissioner Beth Graham, to approve the Resolution for the acceptance of the Fiscal Year 2024 Audited Financial Statements of the Enterprise Fund and Pension Fiduciary Funds at a Board meeting held on November 19, 2024. **Action**: Motion

#### **RESOLUTION 2024-11-05**

# <u>Acknowledgement of Acceptance of 2024 Audited Financial Statements for Defined Benefit</u> <u>Pension Plan, Defined Contribution Pension Plan, and Retiree Benefit Plan</u>

Resolved, that the Corporate Secretary receive and place on file the Defined Benefit, Defined Contribution, and Retiree Benefit Plan reports presented during the Pension Trustee Meeting.

-----

Staff comments: All three Plans received clean audit reports.

**Motion** by Commissioner Tracy Thomas, **Seconded** by Commissioner Sandra Zerkle, to acknowledge the Resolution for the Acceptance of 2024 Audited Financial Statements for Defined Benefit Pension Plan, Defined Contribution Pension Plan, and Retiree Benefit Plan at a Board meeting held on November 19, 2024.

Action: Motion Carried.

#### MANAGER'S REMARKS

GM Peffley remarked on the following:

- 1. The 10<sup>th</sup> Resource Fair was held on October 2, 2024 at the Alfreda Schmidt Community Center and 150 individuals attended.
- 2. BWL partnered with Consumers Energy for an EV Ride Along and Drive event on October 4, 2024 at LCC West where people learned more about EVs and heard from manufacturers about rebates and incentives.
- 3. BWL held a United Way Campaign on October 22, 2024.
- 4. BWL held a Career Fair during Energy Week for middle, high school, and the public on October 24, 2024 and October 25, 2024. Nearly 400 students attended over the two days.
- 5. The annual Veterans Day Celebration was held on November 13, 2024 in the REO Depot. Over 100 employees attended. Thank you to commissioners who were able to join us.

#### **COMMISSIONERS' REMARKS**

Commissioner Thomas commended the Veteran's Day Celebration staff, congratulated Commissioner Sandra Zerkle on her reappointment to the Board, and congratulated Executive Director of Operations, Dave Bolan, and Executive Director of Communications, Steve Serkaian, on their upcoming retirements.

Commissioner Schrader acknowledged the discussion regarding the monitoring of the progress of renewables and clean energy targets during the Committee of the Whole meeting.

#### **MOTION OF EXCUSED ABSENCE**

**Motion** by Commissioner Tony Mullen, **Seconded** by Commissioner Beth Graham, to excuse Commissioners J. R. Beauboeuf and Robert Worthy from tonight's meeting. **Action**: Motion Carried.

#### **PUBLIC COMMENTS**

Amanda Grayson, Lansing, MI spoke against the rate increases in utility services and that a number of people were expressing the unaffordability of the rate increases in utility services.

Amber Rochester, Lansing, MI spoke about homelessness, the negative impact in Lansing with the increase in utility rates and requested reconsideration of the approval of the rate increases.

Ivy Herron, Lansing, MI, public school teacher, spoke against the utility rate increases and said that she is also helping some of her students as they are unable to pay for the rates.

Claretta Duckett Freeman, Lansing, MI spoke about the rate increases and unaffordability expressed by several citizens.

# **ADJOURNMENT**

Chairperson Price adjourned the meeting at 6:02 p.m.

LaVella J. Todd, Corporate Secretary
Preliminary Minutes filed (electronically) with Lansing City Clerk 11-26-24

Lansing Board of Water and Light forced my household to upgrade to a 5G meter, literally showing up and installing it, without being shot for trespassing. Brave to send technicians who had/have to do their jobs to support their own, in the worst economy in recent history. It was a forced transition. Pay for it with your collosal profits, not by raising your rates to make consumers to pay for this local monopoly!

I am writing to express my deep concerns regarding the recent rate increases in Lansing, particularly those implemented by the Board of Water & Light (BWL). It appears that these rate hikes are contributing to a growing issue of homelessness in the area. As utility costs rise, more residents are facing disconnections, leading to homes being marked for shutoff, and ultimately, people being displaced.

This situation is having a significant and negative impact on the community, and it is troubling to see BWL's actions exacerbate these challenges. Many residents are feeling the strain of these rate increases, and it seems that the corporation's practices are fueling an environment of financial hardship for Lansing's most vulnerable populations. Unfortunately, these residents have no other option but BWL.

I strongly urge you to reconsider these rate increases and the broader, far-reaching consequences they are having on the residents of Lansing. It is crucial that any decisions made prioritize the well-being of the community, rather than contributing to the deepening of economic inequality and displacement. Furthermore, it is concerning that these rate hikes appear to be fostering the growth of BWL into a large corporate entity, potentially at the expense of local residents who are already facing financial hardship.

Thank you for your attention to this matter. I hope to see more responsible actions taken that prioritize the welfare of Lansing's residents. This monopoly is not welcomed in our community.

I am a public school teacher and stay a total of 8 overnights per month at my house, yet my last bill was upwards of \$300. Shameful and one of the main reasons I'm moving out of Lansing as soon as I can. I'm sick of having to choose between bills because BWL is greedy and mismanaged.

I am absolutely appalled with the fact that you are monopolizing off of the people here in Lansing. None of us can afford these bills and thats coming from someone who was paying \$50p a month because I was growing marijuana and now im not and you are still charging me like I am. It's ridiculous and I have filed a complaint with Washington and with the attorney general

I recently had a disconnect in Oct of this year and was paid within 10 min of being turn off and just received Nov bill with wanting a deposit of \$752. A deposit of that amount is a joke. Your slogan is "Hometown people Hometown Power" well that doesn't reflect anything Hometown but greed and disrespect. You tell me how anyone how is struggling to keep up with bills to get caught up with actions like that.

I am interested in presenting BWL proposed carbon offset to the church, however i would want to tell them why BWL needs to charge extra for, for example, harvesting renewable natural gas from live stock. Why is it not something the BWL does without fees? Does it cost more than it generates? Also, the instructions with four steps "how our program works," steps 3 and 4 are identical. Does not look good. Thank you.

# COMMITTEE OF THE WHOLE Meeting Minutes January 14, 2025

The Committee of the Whole of the Lansing Board of Water and Light (BWL) met at the BWL Headquarters-REO Town Depot located at 1201 S. Washington Ave., Lansing, MI, on Tuesday, January 14, 2025.

Committee Chairperson Semone James called the Committee of the Whole Meeting to order at 5:30 p.m. and asked the Corporate Secretary to call the roll.

Present: Commissioners Beth Graham, Semone James, DeShon Leek, Tony Mullen, David Price, Dale Schrader, Tracy Thomas, and Sandra Zerkle; and Non-Voting Commissioners J. R. Beauboeuf (East Lansing) and Commissioner Robert Worthy (Delta Township)

Absent: Non-Voting Commissioner Stuart Goodrich (Delhi Township)

The Corporate Secretary declared a quorum.

#### **Public Comments**

There were no public comments.

# **Approval of Minutes**

**Motion** by Commissioner David Price, **Seconded** by Commissioner Tracy Thomas to approve the Committee of the Whole Meeting minutes of November 7, 2024.

**Action**: Motion carried. The minutes were approved.

#### BWL's Renewable Energy Plan (REP)

General Manager Dick Peffley introduced General Counsel Mark Matus and Energy Planning & Decarbonization Manager Anna Munie, who presented BWL's draft Renewable Energy Plan. Mr. Matus gave a background of renewable and clean energy. BWL has already committed to the current legislative requirements of 50% renewable energy for utilities by 2030 and 60% renewable energy by 2035 which for BWL includes solar and wind energy. The legislation also includes the requirement of a renewable energy plan to be filed every year to the Michigan Public Service Commission. Mr. Matus added that there is also clean energy legislation to achieve -100 percent clean energy by 2040 which can include gas with at least 90 % carbon capture. Ms. Munie explained BWL's plan for meeting the renewable energy goals. Ms. Munie noted that battery storage is not considered a renewable energy source but is a clean energy source under the legislation.

Chairperson James asked Ms. Munie to define absence of numbers listed for megawatt hours sold from Michigan Nuclear Energy in the plan summary. Ms. Munie responded that BWL doesn't have any nuclear energy in its portfolio. Chairperson James asked if there were any plans for nuclear to go online. Ms. Munie responded that the Palisades nuclear plant in West Michigan is planned to be restarted but the energy to be supplied is already contracted.

Commissioner Schrader asked if the voluntary green pricing sales (VGP) are the LED lightbulbs and if those sales are part of the energy credits. Ms. Munie responded that the LED lightbulbs are under Energy Waste Reduction and Efficiency Programs EWR) which is a separate legislation and are not part of the renewable energy credits. Ms. Munie added that the VGP program is BWL's GreenWise program and the matching of a customer's energy use with renewables.

Commissioner Price asked how the credits are tracked and managed. Ms. Munie responded the renewable energy credits are created and retired through the MiREC tracking system. The wind and solar power purchase agreements are similar, production fluctuates year to year and the resources' annual production values are a projection. Ms. Munie responded that extra energy credits can be sold on the market. GM Peffley added that BWL is not in the market to sell now but there are companies are in production to sell.

Commissioner Mullen asked the percentage of total renewable production currently and whether 2023 legislation required utilities, including those not regulated by MPSC, to file renewable energy plans. Mr. Peffley responded that we are currently at 21%. Ms. Munie responded that all electric utilities are required to file.

Commissioner Price asked about the penalty for noncompliance and Ms. Munie responded that noncompliance is not an option.

Commissioner Schrader asked whether the 21% production and the accumulation of energy credits that can be used after 2030-2035 is another method that can be used to achieve the 50% requirement. Ms. Munie affirmed that any energy credits in exceedance of the 15% requirement, that are within the 5-year shelf life, are being banked. After 2035 all renewable energy credits must also include the energy and capacity associated with the renewable energy source.

Commissioner Worthy asked whether the 3-year average for retail sales in the portfolio that are put into the grid could be put into the purchase of more batteries. Ms. Munie responded that batteries are not included in renewables but are part of clean energy. Commissioner Worthy asked whether all extra energy has to be put in the grid. GM Peffley responded that production can be backed down but there is revenue on wholesale and providing for the need of other utilities.

**Motion** by Commissioner Dale Schrader, **Seconded** by Commissioner Beth Graham to forward the Resolution for BWL's 2024-2045 Renewable Energy Plan to the full Board for approval. **Action:** Motion Carried.

#### **Retirement Plan Committee Update**

Assistant General Manager Heather Shawa presented the Retirement Plan Committee (RPC) updates. Notification of approved fund changes in the 401(a) and 457(b) Plans were sent to participants. DB participants were sent a letter in their paystub distributions regarding Northern

Trust as a participant servicer and the transition of payment processing. A FY25 Q1 ASA reimbursement was approved and completed for the VEBA plan. A Nationwide contract amendment and extension was approved through December 31, 2026, with an option to extend for an additional two years. Legislative changes are being incorporated into the 401 and 457 plan documents as well as the change to the normal retirement age for the 457 plan, permitting withdrawals of up to \$1,000 for certain emergency expenses under Section 115 under Secure 2.0 was adopted by the RPC.

#### Other

Commissioner Price congratulated GM Peffley on ten years as General Manager.

**Motion** by Commissioner Tracy Thomas, **Seconded** by Commissioner Beth Graham for an excused absence for Commissioner Stuart Goodrich.

**Action:** Motion Carried.

# <u>Adjourn</u>

Chairperson James adjourned the meeting at 6:15 p.m.

Respectfully Submitted, Semone James, Chairperson Committee of the Whole

# FINANCE COMMITTEE Meeting Minutes January 14, 2025

Finance Committee: Tony Mullen, Committee Chairperson; Semone James; David Price; and Dale Schrader; Alternates: Beth Graham, Sandra Zerkle; Non-Voting: Commissioners J. R. Beauboeuf, Stuart Goodrich, Robert Worthy.

The Finance Committee of the Board of Water and Light (BWL) met at the BWL Headquarters – REO Town Depot, located at 1201 S. Washington Ave., Lansing, MI on Tuesday, January 14, 2025.

Finance Committee Chairperson Tony Mullen called the meeting to order at 6:24 p.m. and asked the Corporate Secretary to call the roll.

Present: Commissioners Semone James, Tony Mullen, David Price, and Dale Schrader; Also Present: Commissioners Beth Graham, DeShon Leek, Tracy Thomas, Sandra Zerkle; and Non-Voting Commissioners J. R. Beauboeuf (East Lansing) and Commissioner Robert Worthy (Delta Township)

Absent: None

The Corporate Secretary declared a quorum.

#### **Public Comments**

There were no public comments.

#### **Approval of Minutes**

**Motion** by Commissioner David Price, **Seconded** by Commissioner Semone James, to approve the Finance Committee Meeting minutes of November 7, 2024.

**Action:** Motion Carried. The minutes were approved.

#### **YTD Financial Summary**

Assistant General Manager Heather Shawa presented the YTD Financial Summary. Days Cash on Hand is above the year-end target due to timing of spending on new energy projects and bond proceeds still being held. Wholesale revenue is low due to lower market pricing and a planned outage at DEP that went over. The wholesale forecast will be reviewed and updated quarterly.

Commissioner Worthy asked if the return on assets target was on track and Ms. Shawa responded that it is what is needed to be reinvested into the BWL system.

Commissioner Mullen asked how many customers have been helped with keeping their power on with the PA95 opt in. Ms. Shawa responded she could obtain and provide the information to the Commissioners. GM Peffley responded that an extra \$1.2 million in revenue was brought in and it is no longer an option for BWL to opt out of PA95.

In response to Commissioner Schrader, GM Peffley and Director of Internal Audit Elisha Franco stated that they will gather the information of customers helped and provide it to the Commissioners.

Commissioner Schrader commented on the wholesale market being down 44%, a decline in the PPAs and the offset between the two. Ms. Shawa responded that the PPAs have a fixed cost and can offset the wholesale market, but the major offset is excess generation and the lower price. GM Peffley added if wholesale is down, there is a corresponding reduction in natural gas fuel cost.

# **Internal Audit Findings & Recommendations**

Director of Accounting, Finance & Planning Scott Taylor introduced Internal Control Analyst Cody Rochefort, who presented the internal audit findings & recommendations. Recommended additions and updates to the FY2024 Rules and Regulations were reviewed. Internal Audit recommends that Legal Affairs lead the Rules and Regulations review process, with the Finance Department being responsible for calculating, overseeing, and approving all fees and charges. Closed findings and recommendations were also reviewed.

Commissioner Mullen congratulated the Internal Audit team on the quick implementation of the findings and recommendations.

#### **Internal Audit Status Report**

Director of Internal Audit Elisha Franco presented the Internal Audit Status Report. The remittance/cash receipts audit began in November 2024 and is currently underway. All findings and recommendations with due dates of December 31, 2024, as identified by management, have been resolved. There are four remaining open findings and recommendations from the rules and regulations audit, which are scheduled to be completed by October 2025. A follow-up PA 95 Audit will be conducted April-June 2025, and a P-Card Audit is tentatively scheduled for March-May 2025. AuditBoard has successfully launched and is being used for the remittance/cash receipt audit. Plante Moran has been consulted to assist with support of internal audit activities, internal audit assessment, gap analysis, and AuditBoard implementation support.

#### Other

There was no other business.

#### **Adjourn**

Chairperson Tony Mullen adjourned the meeting at 6:47 p.m.

Respectfully submitted, Tony Mullen, Chairperson Finance Committee

# RESOLUTION 2025-01-XX 2025 - 2045 Renewable Energy Plan

WHEREAS, the Clean and Renewable Energy and Energy Waste Reduction Act, 295 PA 2008 (PA 295), established Michigan's first renewable energy standard – 15% renewables, as a percentage of retail sales, by 2021; and

WHEREAS, PA 295 required municipal utilities to file annual renewable energy plans with the Michigan Public Service Commission (MPSC) until 2021; and

WHEREAS, PA 295 was amended by 2023 PA 235 (PA 235), which increased Michigan's renewable energy standards to 50% renewables, as a percentage of retail sales, beginning in 2030; 60% renewables, as a percentage of retail sales, beginning in 2035; and reinstated the requirement that municipal utilities file annual renewable energy plans with the MPSC beginning in 2025; and

WHEREAS, the Michigan Municipal Electric Association (MMEA) has offered to jointly file all renewable energy plans on behalf of Michigan municipal utilities on or before February 27, 2025 with the MPSC and recommended each municipal utility obtain governing body review and approval of the renewable energy plan before submission to MMEA; and

WHEREAS, the proposed 2025 – 2045 Renewable Energy Plan was presented by management to the Committee of the Whole on January 14, 2025, and the Committee voted to recommend approval by the Board at the next board meeting;

THEREFORE, it is:

RESOLVED, that the Board approves the 2025 - 2045 Renewable Energy Plan for submission to MMEA for inclusion in the joint filing with the MPSC to comply with PA 235 for 2025.

Motion by Commissioner \_\_\_\_\_\_, Seconded by Commissioner \_\_\_\_\_\_, to approve the Resolution for 2025 - 2045 Renewable Energy Plan at a Board meeting held on January 28, 2025.
